Satishkumar Ganesan

A conceptualist and creative creature by nature. I come with more than a decade of multifaceted experience in different domains in roles including Project Manager, Project Lead, Business Analyst, Software Engineer, and Onsite coordinator. As a Master of Business Administration (International Business), my current role involves planning, execution, managing, coordinating a team of 150+ as an Onsite Coordinator and 25+ teams as Customer Engagement Manager with PennyMac LLC, USA.

My Vision Statement -

I take this personal. My vision is to grow with my Area, Division and District. Being a Manager, my job involves meeting, coordinating and fire-fighting resources and issues. I would like to cross train my job with Area Director skills and vice versa. I will not let this opportunity to pass without making my positive mark on our Area, Division and District. We are here to learn. Lets learn and improve together!
